

SMART METERS and Electromagnetic Radiation

- Smart meters (devices installed in or on the perimeter of your home for remote reading and control of electricity) expose you to continuous electromagnetic radiation
- Smart meter roll-out in South Africa is projected to start soon, pending 2012 legislation
- It is your constitutional right to refuse them based on your right to a safe environment and not to be experimented upon
- Smart meters usually use wireless technology to transmit information to utility companies
- Smart meters can be used by the utility company to control home appliances such as geysers
- There are HEALTH CONCERNS, ECOLOGICAL CONCERNS, PRIVACY and SECURITY CONCERNS with the installation of smart meters
