New World Foundation

building a new world of hope,
justice and peace

New World Foundation was founded in the 1980's and has 30 years of experience with facilitating development and supporting the people in the communities of Lavender Hill, St. Montague Village, Hillview, Seawinds, Vrygrond/Capricorn (formal settlements) and Cuba Heights, Military Heights, Village Heights and Overcome Heights (informal settlements).

Our vision is to build a New World of Hope, Justice and Peace. Through mobilization, training, networking and co-operation with the people, partner organisations and decision makers, New World Foundation works in partnership towards creating change in the communities. Our key focus is on “broad life education” /life skills training and awareness programmes.

*“The truth is that development is
the development of people.
Roads, buildings, the increase of crop
output
and other things of this nature
are not development,
they are only tools of development.
Development brings freedom,
provided it is the development of peo-
ple.
But people cannot be developed,
they can only develop themselves.
There is only one way
in which you can cause people
to undertake their own development -
that is through education
and leadership.”*
