

## TWITCHING ORANGE IDIOTS

By croc E moses

we.....we the diluted peoples  
the serial monkeys  
the puffy peacocks  
general pubic  
perfectly  
above it all  
always wanting  
and always needing.....to be  
fancy....fancy in our fantasy  
yah so each to his own hamster wheel  
and so who aren't we trying to impress  
everything....everything but the wall  
but the walls are coming down  
just look at Berlin just look at the Great Wall of China just look at South Africa  
and if the walls are coming down  
why are we still crying let us out  
it's because everyone's twitching  
everyone's actually twitching  
and the twitching makes us orange  
everyone's orange....clockwork orange  
a whole lot of twitching orange ijiots  
a whole lot of twitching orange ijiots we are  
headloose we are  
headloose foreigners  
in our own global village we are  
lurking for love in the wrong places we are  
spending love in the wrong places we are  
spending love spending far too much love  
in the wrong places we are  
overwhelmed and underwhelmed we are  
not a bad thing not a good thing  
for life as we know it  
is patent pending  
because  
somewhere  
somehow  
something  
is pumping hard  
something  
is pumping harder  
something is pumping harder and harder  
to give birth to the global brain  
three  
two  
one  
launch  
the global brain  
in case you didn't know it  
this is standard steroid procedure  
one massive fuckin attack  
the invisible squeeze  
a tongue twisted  
lethal language  
cracking space  
cracking code  
oh my god  
it's so hard to stay soft  
isn't it so hard to stay soft  
that's why numb's the word  
numb's the word
